

Latest update as at 8th of May, 2020:

We have recommenced seeing patients following directions from government health authorities. There are still some restrictions regarding the types of procedures that we can perform.

Your health and safety is of the utmost importance to us and we will continue to operate with additional precautions in place to best protect you and our staff. Please observe the health and safety information display at reception and follow the directions of practice staff.

Please do not attend your appointment if:

- You or your child/family have been unwell in the last 14 days.
- You or your child have returned from interstate/overseas in the last 14 days.
- You or your child have had any contact with an individual diagnosed with Covid-19 or are in isolation due to potential Covid-19 infection.

What you need to do:

- Brush your teeth at home before attending your appointment.
- Be on time for your appointment to minimise waiting room congestion.
- Do not use your phone, touch your face whilst in the practice.
- Sanitise hands prior to entering the practice.
- Follow social distancing rules.
- Do not bring extra family members into the practice.
- If the reception is congested, return to your car and call us on 6331 7117.
